Re: Corrections Needed on the Replacement Reclamation Contract and Surety Bond Forms, ECDC Clay Mine, M/015/062, Emery County, Utah

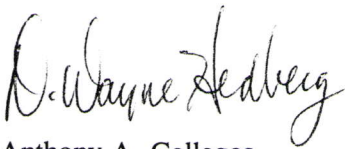

Dear Mr. Olson:

Enclosed are the original replacement Reclamation Contract and Surety Bond forms which were received September 15, 1998 for the ECDC Clay Mine. As directed by our legal counsel, we are returning these documents to you to make corrections. The corrections that need to be made to the contract are identified with yellow tags: page 1 (acreage needs to be 17.6); page 2 (the surety bond policy number needs to be typed in); and page 3 (March 15, 1993 needs to be added to both lines).

The surety bond # \_\_\_\_\_ issued by United Pacific Insurance Company states the permit number as M/007/036. This file number is wrong and needs to be identified as M/015/062. Also, Emery County needs to be spelled correctly. These two corrections need to be made in the upper right hand corner of each page.

Thank you for your assistance in making these corrections and returning these documents so we can finalize this permitting issue. If you have any questions please contact me at (801) 538-5267 or Joelle Burns at 538-5291.

Sincerely,

  
for Anthony A. Gallegos  
Senior Reclamation Specialist
